

Phoenix SDA Community Center

Our Mission

Our mission is to serve the poor and needy in the name of Jesus Christ and relieve suffering by implementing active compassion through community development and relief.

Our Vision

“All who share in Christ’s glory must share in His ministry, helping the poor, the weak, the homeless. We must be intensely in earnest, using every capability in the Lord’s service. Precious results will surely follow unselfish efforts.”

Upward Look, p. 305.
